

FOR IMMEDIATE RELEASE:

## ELWOOD ANNOUNCES RELEASE OF 1326AB-SERIES AC SERVO MOTORS

*Racine, WI – USA – October 1, 2015* – Elwood High Performance Motors is proud to announce the release of 1326AB-Series servo motors as authorized drop-in replacements for 1326AB-Series motors previously available from Rockwell Automation/Allen-Bradley. As true drop-in replacements, Elwood's 1326AB-Series servo motors feature original equipment rotors, stators, feedback, and connectivity. With identical mounting and dimensions, Elwood's 1326AB-Series drop-in without changes to motor data files, tuning parameters, cables, or couplers/adapters. Use the links below to access motor specifications and additional information.

**OEM Equipment:** Elwood's 1326AB motors are identical to 1326AB that have been available from Rockwell Automation/Allen-Bradley for many years. Elwood now licenses the technology from Rockwell Automation to provide form/fit/function replacements for original 1326AB-Series motors. The only difference you'll notice is Elwood's trademark on the nameplate.

**Long-term Service and Lifetime Support:** Elwood commits to offering lifetime support to OEM's and end users with needs for new motors and replacement service for their installed base. Elwood offers replacement service for existing 1326AB-Series motors (regardless of the motor's original manufacturer) with the same one-year warranty included on all Elwood motors.

**Availability:** Elwood 1326AB-Series motors are available through any Rockwell Automation distributor. For additional information on your discount and how to purchase Elwood Motors contact Elwood Customer Service directly at 262-637-6591.

**Encompass Partnership:** 1326AB-Series motors are the latest addition to Elwood's partnership with Rockwell Automation through the Encompass Product Partner program. Elwood offers indefinite support for F-Series, H-Series, N-Series, S-Series, W-Series, 1326AS, and now 1326AB servo motors originally manufactured by Rockwell Automation.
